**Troubleshooting**

1. Make sure the headphones are turned on and the LED indicator is flashing blue.
2. Make sure the headphones and the Bluetooth devices are close to each other within 3 feet.
3. Make sure the Bluetooth device is playing music/audio.
4. If the connection is lost, the headphones will attempt to reconnect automatically.
5. If the connection is lost, the headphones will attempt to reconnect automatically.

**Connecting to a New Device**

1. Keep your Bluetooth device within 1 meter of the Bluetooth headphones at all times.
2. Press and hold the Multifunction button for 3 seconds when the headphones are powered on to enter pairing mode.
3. Turn on the Bluetooth function on your Bluetooth device and search for available devices.
4. Select the headphones on your Bluetooth device.
5. Follow the pairing instructions on your Bluetooth device to complete the pairing process.

**Restoring the Factory Settings**

1. Please make sure the headphones are recharged and have enough power. Plug the headphones in to charge. The red and blue lights will flash three times to indicate the factory settings have been restored.
2. Press and hold the Multifunction button for 3 seconds when the headphones are powered on.

**LED Indicators**

- Blue: Power on
- Blue/Red: Charging
- Blue: Bluetooth connected
- Red/Blue: Bluetooth disconnected
- Red: Error

**Pairing**

1. Press and hold the Multifunction button for 3 seconds when the headphones are powered on to enter pairing mode.
2. Turn on the Bluetooth function on your Bluetooth device and search for available devices.
3. Select the headphones on your Bluetooth device.
4. Follow the pairing instructions on your Bluetooth device to complete the pairing process.

**Note:**

- Overcharging or keeping the headphones in a closed car or similar environment without using or charging, the capacity and the life of the battery will reduce.
- Do not use the headphones near water or in wet conditions.
- Do not store the headphones in direct sunlight or high temperatures.
- Do not submerge the headphones in water.
- Do not use the headphones near strong magnetic fields.
- Do not use the headphones near radio transmitters.
